

Make It Your Own

BY STEINHAFELS

MODERN COMFORT

BY DIRECT DESIGNS

Our buyers travel the world with the sole mission of providing the highest quality furniture at the best possible price. Because Steinhafels has huge buying power, we negotiate directly with the factories and pass the savings on to you! With Direct Design, you can be sure you are getting the absolute best value.

MAKE IT YOUR OWN!

All Modern Comfort recliners are stocked in the cover shown and many in an alternate color. Customize them by special order, choosing from hundreds of fabric and leathers.

HOW TO ORDER

- 1 Choose Your Piece
- 2 Choose Your Cover

THE SCIENCE BEHIND RELAXATION

- Adjustable head and neck support gives you the ultimate comfort in all seating positions.
- Computer controlled injection molded cold-cure foam ensures ergonomically correct seating and comfort throughout all areas of the chair.
- The interior steel frame with sinuous springs encased in cold-cure molded foam ensures correct back and lumbar support.
- Built with solid hard wood and a steel frame. Injection molded foam ensures superior quality and durability.
- Integrated padded footrest.
- Strong, stable, solid MDF base.
- Effortless deep recline.
- The advanced mechanism offers both gliding function and 360 degree swivel. This mechanism is sourced from the largest supplier of its kind in the world.

2-3 sizes for the perfect fit
Small, Medium and Large.
Because one size does not fit all.

Swivel 360°
Gliding function
Built-in footrest
Effortless reclining
Adjustable neck and head support

POWER™

Upgrade your manual relaxer to include a powered recline on top of the manual functions

Single Motor
Provides effortless powered reclining at the push of a button

Dual Motor Multifunction
Enables you to operate the back and footrest independently coupled with a full lift function. Please note this option does not come with a 360° swivel or rocking function.

POWER+™

Upgrade your Power relaxer to include a powered headrest and lumbar support on top of the standard Power functions

Motorized Lumbar support
Provides support to the muscles and skeletal structure of the lower back.

Motorized Headrest and neck support
Makes sure the natural curve of your neck is supported and maintained as you recline.

DUAL MOTOR MULTIFUNCTIONAL

The Multifunctional Relaxer (MF) enables you to operate the back and footrest independently coupled with a full lift function. This chair also provides an almost lay-flat position.

EASY OPERATION

Large, hand-held controls with oversized buttons allow you to selectively lift, recline, and return to the start position effortlessly.

MF REMOTE MFS REMOTE

QUALITY, STYLE, COMFORT - BUILT TO LAST

GREEN AND DURABLE FOAM

Our cold cure molded foam process is unique and guarantees absolute comfort, durability and a cleaner greener product. This space age material encases the interior steel frame and sinuous springs allowing for body-correct support and supreme comfort.

EXCLUSIVE TECHNOLOGY

The patented design keeps the chair base secure as the seat and the back are adjusted for greater stability and superior ergonomic support.

10 YEAR WARRANTY

- 10 years on molded foam cushions and steel frames
- 5 years on mechanisms
- 2 years on motor and battery-parts
- 2 years on leather and fabric covers
