

AMY COLLECTION

Founded in 1970, Franklin Corporation is a family-owned company based in Houston, Mississippi and specializing in reclining furniture. They are 99% vertically-integrated, producing all components of their furniture, from the steel mechanisms to the foam cushions. This reduces costs, and the savings get passed on to you. Franklin focuses on comfort and convenience, adding features such as built-in cup holders, reading lights and storage drawers into their furniture. To ensure consistency and quality, Franklin Corporation inspects each item at the end of each stage of production. They are ISO9001 certified (they have met standards set to ensure customer satisfaction and quality).
