

DINING COLLECTIONS

The L. J. Gascho Furniture Company was founded in 1986 by Lyle J. Gascho with a simple mission; to create heirloom quality, solid wood furniture, made in the United States. One table at a time, Lyle began his furniture company in a remodeled chicken coop on the family farm. 30 years later, our family owned and operated furniture company continues to stay true to our founding principles. We partner with 20+ Amish and Mennonite sub-shops to produce quality-made solid wood furniture right here in the USA. Here at Gascho Furniture, we strive to provide our customers with the highest-quality solid wood bedroom and dining furniture, at the best possible value.

MAKE IT YOUR OWN

If you are in the market for a new dining collection, why not get one you've designed yourself? Each piece of furniture is made to order to fit your style and space needs. Customization simplified, so get started today. Collections are stocked as shown on the floor.

FEATURES AND BENEFITS

- Made In The USA
- Mortise & Tenon Joint – This joint is used on all 90° angles (whenever a vertical piece is connected to a horizontal piece). When constructed properly, the joint is stronger than the wood itself. (Used on every case-piece, bed and chair).
- Hand-Rubbed Stains – Penetrate deep into the wood, bringing out the natural characteristics of each piece (Used on all products).
- Solid Wood Construction – Hand selected solid oak, and maple are strong and durable and domestically sourced from sustainable resources.
- Steam Bending– An old world craftsmanship technique that bends solid wood preventing seams and weak points.
- Dado Joint – Groove created in drawer box into which the drawer bottom is slid into securely. The joint ensures the drawer bottoms won't fall out of place. Adds strength and stability to the drawer.
- Catalyzed Varnish – Resistant to heat and moisture Also resistant to marring and scratching (Used on all products).
- English Dovetail Drawer Boxes – Adds durability, strength, and stability.
- Drawer Slides – High quality, full extension, ball bearing slides. 100 lb capacity at full extension.

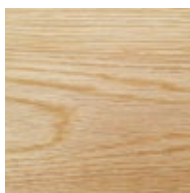

HOW TO ORDER

3 Easy Steps after your furniture selection...refer to vendor kiosk to:

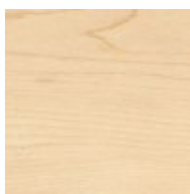

- 1 Choose Your Wood
- 2 Choose Your Finish
- 3 Choose Your Hardware
