

## MALIBU OUTDOOR LIVING

Malibu Furniture Company manufactures high quality products while utilizing the finest eco-friendly materials available. The company's goal is to use green materials whenever possible in their plastic outdoor patio furniture. Malibu poly-board outdoor furniture line is produced from recycled dairy and detergent bottles which reduces pollution and waste. Their furniture is offered in a wide variety of colors, and cushion fabrics which offers a large selection of special order patio furniture to their customers.

### MAKE IT YOUR OWN

Malibu offers adirondack chairs, gliders, benches, dining chairs, dining tables, accent pieces and deep seating furniture options. As Malibu is known for their 100% recycled HDPE plastic, offered in an outstanding selection of colors, they also have a wonderful selection of fabrics for cushions and pillows.
