iDEZIGN SLEEPER COLLECTION

Founded in 1989, Overnight Sofa is a family-owned company specializing exclusively in sleep sofas. Their factory and headquarters are located in Hickory, North Carolina. They were the first to address the need for functional, yet attractive furniture. Concentrating exclusively on only sleep sofas allows Overnight to research the details and specific requirements of a multi-purpose upholstered piece of furniture. This guarantees quality and consistency in each piece, and keeps prices down as well! Together, everyone at Overnight Sofa is dedicated to satisfying our customers with the best quality, comfort and value with sleep sofas designed for contemporary living.

MAKE IT YOUR OWN!

iDesign sleep sofas are stocked in the fabrics shown. Each has a different arm style. Customize iDezign by special order, choosing from three arms, three sizes, and two mattress options: standard or Cool Dreamz (gel/memory foam)
